STATE FLEET INFORMATION SYSTEM
TABLE VALUES**

Overview

Enclosed in this packet are table values for the State Fleet Information System. This system utilizes several tables to ensure consistency in reporting of vehicle data. Each table with the exception of the make and model table as well as the city, county and zip code tables are included in this packet. All table values can be found at <http://www.oa.mo.gov/gsfm/tablevalues.htm>. Agencies may submit suggested changes or additions to Cindy Dixon, State Fleet Manager at dixonc@mail.oa.state.mo.us.

TABLE VALUES**

CATEGORY & SUBCATEGORY (Vehicle Screen)

Notes to Agencies:

- ☐ The default values for the DNR Classification Code and DNR Exempt Indicator are based on the sub category code. These values can be changed by the state agency if necessary.
- ☐ Pay special attention to the DNR Classification and DNR Exempt Indicator for 3/4 ton pickups and full size vans. Review the vehicle's GVWR closely as these two fields may need to be changed to accurately reflect whether they are light duty or medium duty vehicles.

Category Code	Vehicle Category	Sub Category Code	Sub Category	Description/Examples	DNR Classification Code & Description (Default)	DNR Exempt Indicator (Default)
01	Passenger Car	01	Sub Compact	Neon, Focus	01-Auto	N
		02	Compact	Cavalier, GrandAm,	01-Auto	N
		03	Mid Size	Stratus, Taurus, Malibu	01-Auto	N
		04	Full Size	Impala, Crown Victoria, Lesabre, Bonneville	01-Auto	N
		05	Sports/Speciality	Mustang	01-Auto	N
		06	Police	Crown Victoria Police Interceptor, Intrepid Police Interceptor	01-Auto	Y
		07	Used Police	Used police vehicles no longer used for law enforcement purposes	01-Auto	Y
02	Station Wagon	01	Small	Small: Focus Wagon	01-Auto	N
		02	Mid Size	Mid: Taurus Wagon	01-Auto	N
		03	Full Size		01-Auto	N
03	Sport Utility Vehicle	01	Small	Small: Escape, Liberty	02-LDT	N
		02	Mid Size	Mid Size: Explorer, Durango, Trailblazer	02-LDT	N

FUEL CONFIGURATION (Vehicle Screen)

The Alternative Fuel Vehicle Indicator is defaulted based on the fuel configuration selected.

Fuel Configuration	Definition	Alternative Fuel Vehicle Indicator (Default Value)
FUELCELL	Fuel Cell: A vehicle engineered to operate on fuel cell technology.	Y
DEDCNG	Dedicated CNG: A vehicle designed and engineered to operate solely on compressed natural gas.	Y
ELECTRIC	Dedicated Electric Vehicle	Y
DEDDSL	Dedicated Diesel Vehicle	N
DEDGAS	Dedicated Gasoline Vehicle	N
DEDLPG	Dedicated Propane	Y
DUALLPG	Dual/Bi-Fuel Propane: A vehicle that can operate on gas or propane vehicles)	Y
DUALCNG	Dual/Bi-Fuel CNG: A vehicle that can operate on gas or CNG.	Y
E85FLEX	E-85 Flexible Fuel: A vehicle that has a single fuel storage and combustion system that can be fueled with a blended alcohol fuel, a traditional fuel, or any combination of the fuels.	Y
HYBELEC	Hybrid Electric – A vehicle powered by two or more energy sources, one of which is electricity, by combining the engine and fuel of a convention vehicle with the batteries and electric motor of an electric vehicle in a single drivetrain.	N

STATE FLEET INFORMATION SYSTEM
TABLE VALUES**

FUEL TYPE (Fuel Consumption Screen)

The Alternative Fuel Consumption Indicator and the Unit of Consumption fields are defaulted based on the Fuel Type Code.

Fuel Type Code	Definition	Alternative Fuel Consumption Indicator	Unit of Consumption (Default)
<B20 (B5,B10)	Less than 20% Biodiesel	N	Gallons
B20	20% Biodiesel, 80 % diesel	Y	Gallons
B100	100% Biodiesel	Y	Gallons
CNG	Compressed Natural Gas	Y	Gallons
DSL	Diesel	N	Gallons
E10	Unleaded blend having 10% Ethanol (does not qualify as an alternative fuel)	N	Gallons
E85	85% Ethanol	Y	Gallons
Elec	Electricity	Y	KWH
Gas	Gasoline	N	Gallons
LNG	Liquefied Natural Gas	Y	Gallons
LPG	Liquefied Petroleum Gas (Propane)	Y	Gallons
M85	85% Methanol	Y	Gallons

FUEL – UNIT OF CONSUMPTION (Fuel Consumption Screen)

This field is defaulted based on the fuel type selected.

Fuel – Unit of Consumption	Definition
Gallons	
KWH	Kilowatt Hours (only allowed if Fuel Type Code = Elec)
Cubit Feet	Only allowed if Fuel Type Code = CNG

TABLE VALUES**

PRIMARY ASSIGNMENT (*Assignment Data Screen*)

The primary assignment codes are based on the various assignment options outlined in the State Vehicle Policy, Vehicle Assignment Section.

Code	Primary Assignment	Definition
01	Pool Vehicle	General use vehicles available for temporary assignment to multiple individuals. Pool vehicles must average 15,000 per year.
02	Assigned-Individual	Permanently assigned to a single individual traveling more than 15,000 miles per year in the conduct of state business..
03	Assigned-Function/Work Unit	Permanently assigned to a job function requiring frequent transportation in the performance of specific duties (e.g. mail, delivery, facility support vehicles, etc.)

PRIMARY PURPOSE (*Assignment Data Screen*)

Primary Purpose Code	Primary Purpose	Definition
01	Agency Staff/Client Transport	Vehicles primarily used in the transportation of agency staff, clients or inmates with no special equipment modifications. Does not include vehicles specially equipped for inmate transportation or handicap transport (see special purpose vehicle).
02	Function Specific Vehicle	“Function Specific Vehicles” do not have any special equipment or modifications and are assigned to and primarily used for one specific function. (e.g. a cargo van used in Food Service and any other use is prohibited)
03	Special Purpose Vehicle	“Special Purpose Vehicles” have permanent major equipment/ modifications . They are only the ones listed in the Special Purpose Vehicle Table . If your agency has a Special Purpose Vehicle that is not listed, contact the State Fleet Manager.

**STATE OF MISSOURI
OFFICE OF ADMINISTRATION
STATE FLEET INFORMATION SYSTEM
TABLE VALUES**

SPECIAL PURPOSE (Assignment Data Screen)

Only required if the Primary Purpose is equal to Special Purpose Vehicle. **A special purpose vehicle is modified or has equipment installed so that it cannot easily be used for other functions.** To create additional categories, contact the State Fleet Manager.

Special Purpose Code	Special Purpose Vehicle	Definition:
01	Law Enforcement Pursuit Vehicle	Includes only Department of Public Safety pursuit vehicles.
02	Other Law Enforcement Vehicle	Law enforcement vehicles other than pursuit vehicles. Includes vehicles such as those used by Park Rangers, Liquor Control Agents and Water Patrol Officers.
03	Security Vehicle	Vehicles used for campus/facility security patrol.
04	Inmate Transport	Include all vehicles (vans, buses) equipped with security accessories for the transport of inmates.
05	Fire Suppression	Includes vehicles permanently equipped with fire fighting apparatus. Vehicles/trucks that must be available for emergency response are function specific.
06	Environmental Emergency Response (EER)	Vehicles specially equipped and used for responding to environmental emergencies such as hazardous material spills.
07	Soil and/or Geologic Sampling	Vehicles with mounted drilling apparatus used for collecting soil or other samples for analysis and other uses.
08	"Rolloff"	Vehicle with bed designed primarily for hauling automobiles and other equipment.
09	Wrecker	Vehicle with mounted crane or boom used to recover vehicles.
10	Aerial Bucket	Vehicle with mounted boom and bucket used for trimming trees, changing bulbs in streetlights, and other aerial work.
11	Dump Truck	Trucks with dump bodies used in construction or maintenance activities for hauling various materials
12	Platform or Flatbed Truck	Trucks with flat or platform beds, with or without sideboards, and with or without dumping capability. Sometimes referred to as "Landscaper beds"

**STATE OF MISSOURI
OFFICE OF ADMINISTRATION
STATE FLEET INFORMATION SYSTEM
TABLE VALUES**

Special Purpose Code	Special Purpose Vehicle	Definition:
13	Utility Truck	Trucks with utility bodies designed for storing tools and equipment. (If also equipped with aerial bucket, use "Aerial Bucket").
14	Carpenters/Construction Van	Full size cargo van with installed shelves, bins, tool racks, and/or other equipment for use by construction teams.
15	Road Tractor	Truck with "fifth wheel" used for towing over-the-road trailers.
16	Motorcycle	Self Explanatory
17	Utility ATV	Licensed utility vehicles such as the Kawasaki "MULE".
18	Handicap Accessible	Vehicles specially equipped for the transportation of handicap individuals.
19	DOA Inspection Vehicle	Pickup trucks used by the Department of Agriculture with equipment permanently mounted for purposes of animal care and inspecting fuel, fuel pumps, meat, large scales, and grain.
20	Hearse	Vehicles specially equipped for use in cemetery operations or other related purposes.
21	Land and Geologic Survey	Vehicle with mounted equipment such as winches, GPS, and Radios used for land and geologic survey
